Historic Preservation Commission Downtown Historical District Landmarking Information

Dear Property Owner:

The Lincoln Historic Preservation Commission is determining the interest in landmarking a historical district in Downtown Lincoln. The landmarked district would be coincident with the Downtown Lincoln National Historic Register District, and would allow for design assistance from the Illinois Historic Preservation Agency for buildings located within the landmarked area. This status would also allow for a Rehabilitation Investment Tax Credit which is a 20% federal tax credit on historic commercial or rental structures that are properly rehabilitated.

In order for this area to be landmarked, the City's Historical Preservation Ordinance requires a minimum of 51% of property owners need to be in support of this initiative. Please review the attached information, and provide a response on the attached sheet. For your convenience, we are listing the Tax ID numbers of the parcels you own within this boundary.

Completed responses can be returned to:

Lincoln Historical Preservation Commission

ATTN: Ron Keller, Chairman

C/O Lincoln Building and Zoning Office

700 Broadway Street

Lincoln, IL 62656

Thank you for your consideration.
