Notes:

- Illinois monthly labor force, unemployed and unemployment rates for years 2008-2012 have been revised as required by the U.S. Bureau of Labor Statistics. In February of each year, monthly labor force data for all states are revised to reflect updated sum-of-states controls, Census population controls, seasonal factors, non-farm jobs and unemployment insurance claims inputs. Data were also smoothed to eliminate large monthly changes as a result of volatility in the monthly household (CPS) survey. Comments and tables distributed in prior Illinois unemployment rate news release materials should be discarded because any analysis, including records, previously cited might no longer be valid.
- Seasonally adjusted employment data for subsectors within industries are not available. For not seasonally adjusted jobs data with greater industry detail, go to http://www.ides.illinois.gov/Custom/Library/Statistic/CES/I_NSA_CES_Illinois_MSAs_Jobs_2000_to_Current.XLS.
- “Other Services” includes a wide range of activities in three broad categories: Personal and laundry; repair and maintenance; and religious, grant making, civic and professional organizations.
- Monthly seasonally adjusted unemployment rates for Illinois and the Chicago-Naperville-Joliet Metropolitan Division are available at: <http://www.ides.illinois.gov/page.aspx?item=2509>.
