**Biggest Influence:**

Although I have had some amazing people in my life, I would say that my biggest influence has been my 8th grade basketball coach and PE teacher Ms. White. In the three years, I have known her she has helped me grow not only as a basketball player but as a young lady as well. She has helped me mature and learn how to handle myself on and off the court. The player I am today is because of her willingness to help others, to listen with open ears and for her love for all of us. I know that no matter what is going on in my life that she is she is always there to talk to. The things she has taught me will stay with me forever. I am forever grateful that she is my coach and has now become my mentor.
