Public Participation:

Mayor Goodman called upon citizens registered to speak. Mr. and Mrs. Eldon Lesson of 836 1850th Street came forward to discuss their concerns about a property they own on Pekin Street and a problem with the sewer line there. They explained that they had contacted a business to work on the sewer line. The business replaced the main sewer line and the lateral.

They had contacted the sewer department about repairing the main sewer line and to discuss who was responsible for that piece. She said a lot of things lead to a sort of bad start.

She said they want to do what is right and just in this instance. Mayor Goodman called on Alderman Welch to give some input on his last meeting with the Lessons. The new council will have a discussion about the situation. They thanked him. There being no further public participation, Mayor Goodman moved down to other agenda items.

New Council Welcome:

City Administrator Elizabeth Kavelman introduced some information to the new council members. She shared some background about the new policy handbook, information on the city code, etc. She said the city council started out as an aldermanic structure with committees, however, the structure changed in 2013. She covered basic information about public comment within council meetings.

Administrator Kavelman turned things over to the City Attorney, John Hoblit to cover quorums and the Open Meetings Act. The majority of a quorum is three aldermen. The Open Meetings Act, shows anything being conducted as city business should be conducted in front of the public. Members of the council are obligated to conduct any business in the council chambers and not behind closed doors. He said three or more meeting together would be in violation of The Open Meetings Act.

Mr. Hoblit then went into executive session meetings and explained that there are certain scenarios where the council can hold private meetings based on certain topics, for the performance of a specific employee, for collective bargaining, etc. He said these meetings are very particular and very defined.

City Administrator Kavelman picked up from there. She asked that everyone leave their cell phones on silent or inside their vehicles before coming into any meetings.

Mr. Hoblit then wanted to briefly cover parliamentary procedure. He said going forward, you guys will observe from people that certain things are done in a certain fashion, for example, motions and roll calls are taken for votes. He said you can vote in favor, for against, or abstain. He said not everything is a conflict of interest, but in order to avoid the perception of impropriety, they can step away from the vote. He said please be wary in regards to parliamentary procedure.

Alderman Keller thanked the administrator and city attorney for assembling the information. Police Chief Paul Adams explained some basics about the sound system and microphones and the need for speaking into the microphones and having it in front of them before speaking.

Consent Agenda by Omnibus Vote:

Alderman Welch made a motion to approve, seconded by Alderman Keller. Mayor Goodman called for further discussion, there being none, City Clerk Bateman called roll.

- **Payment of Bills**

Bids:

Revocation of the award of bid to Landmark Ford for the purchase of a truck for use by the Sewer Department

Alderman Welch made a motion to approve, seconded by Alderman Keller. Mayor Goodman called for further discussion. Alderman Welch gave some background about the bid and explained that additional items were added to the Request for Proposal (RFP). This is in regards to the sewer departments request for a new vehicle. He said the previous council determined they needed to go out for another bid with all the features they were requesting.

Alderman Bateman said he would vote yes, to rebid this vehicle, but he wanted to request that bids be mailed out, sealed, containing a post mark, and opened inside the chambers in order to keep it in front of the public eye. He asked that they be mailed in so there is a post mark and that they were contained

inside a sealed envelope. City Administrator Kavelman said it used to be done that way, all the time, and that some procedure had changed, and that was a very good idea. Without any further comment, City Clerk Bateman called roll.

Announcements:

- Streets Superintendent Walt Landers offered a recap of the waste pickup that took place on Saturday. He said he would present a tonnage report later on. He said most members of the public followed the guidelines, however, some people violated the requests. He said in future there will likely be stricter requirements on what people can drop off. He said they were steady all day, from 8 a.m. to 4 p.m. These events will likely take place once a year.
- Mayor Goodman asked Mr. Greg Pyles and Mr. Landers to give an update on a sink hole that came about on College Street just south of 11th Street due to a sewer collapse. He said that with the complexity of the dig, the manpower required—a contractor was called in to facilitate that repair. College Street just south of 11th Street will be closed, in order to make this repair, he said they're hopeful it will just take one day to complete, but it could extend into a longer time frame depending on the weather. Mr. Landers said the closure will not impact anyone's access to their property or to businesses. He said it's a concrete street, so when the waste water treatment guys are doing some parts of the operation, followed by street resurfacing by the city crews. He said maybe by Friday, that day would be a good target. He asked that people be patient.
- Alderman Welch wanted to add in litigation into executive session discussions.
- Volunteers are needed to help support the Lincoln Balloon Fest.
- The United States Census—census takers in Logan County are paid \$15 right now. A woman will be coming to the May 20 meeting. She will be taking applications to take help gather census data.

MEMORANDUM

TO: Mayor Seth Goodman and Members of the City Council

FROM: Wes Woodhall, Building and Safety Official

DATE: May 14, 2019

RE: Fast Track Demolition 1023 N. Sangamon St.

Background: The last property the Building and Safety Department intends on demolishing under the FY 1018/2019 budget is 1023 N. Sangamon St. The owner of this property has been deceased for over two years and no next of kin or responsible parties have been able to be located. Water and Sewer services were shut off in September of 2016 and a monetary lien is in place from the sewer department. Taxes have not been paid in the same amount of time. The property has had many ordinance violations dating back to 2011. The structure itself is in an advanced state of dilapidation and is a danger to the general public while being a continuous eye sore and source of blight. There are multiple breaches to the home, severe roof damage and there is roughly 6-8 inches of standing water in the basement. There are large piles of trash, debris and refuse on multiple areas of this property and unfortunately members of the general public have now start using this property as a dumping ground. Feral animals are found in and around this property on a consistent basis.

Analysis/Discussion: The Building and Safety Department reached out to five contractors and received two bids in return:

Byrne's Backhoe & Excavating:	\$6,250.00
Harold Goodman Inc.:	\$8,400.00

Given that the estimate from Byrne's Backhoe and Excavating was the low bid the Building and Safety Department would like to proceed with the demolition of this dangerous structure using this contractor. All title work, required mailings and postings have been completed. Demolition may proceed on May 12, 2019 once all utilities have been confirmed to be abandoned and disconnected. Tonnage dumping fees will be paid by the City of Lincoln from the demolition budget line item.

COW Recommendation: Place on Council agenda for approval of using budgeted funds for the fast track demolition of 1023 N. Sangamon St.

Fiscal Impact: Money for this project will be allocated from the FY 2018/2019 budget, line item 02-0224-8599.

Council Recommendation: Approve bid from Byrnes Backhoe & Excavating for the demolition, removal and clearing of the property at 1023 N. Sangamon St.

B. All improvements or alterations authorized by Lessor pursuant to the provisions of the previous section shall become Improvements to the Property and shall remain on the Property as of the date of termination, either by operation of law or by the expiration hereof.

C. Lessee shall be permitted to affix such signage to the front of the building as it deems appropriate advertising the tourism bureau and with necessary approvals of the City Council and Historical

Preservation Committee. Such signage shall be done in a professional manner.

05.03 Mechanic's Liens

Lessee shall not suffer or permit any mechanic's lien to be filed against the Property or any part thereof by reason of work, labor, services, or materials performed or supplied or claimed to have been performed or supplied. If such mechanic's lien shall be filed against the Property, or any part thereof, Lessee shall cause the lien to be discharged of record within thirty (30) days after the date of filing; provided, however, Lessee shall not be required to discharge the lien so long as Lessee shall in good faith and with due diligence contest the same by appropriate legal proceedings which shall have the effect of preventing the sale or forfeiture of the Property, or any part thereof or interest therein to satisfy the same. If Lessee elects to contest the same, it shall post a surety bond with Lessor guaranteeing payment of the disputed amount. If Lessee shall fail to discharge the lien within such period, or otherwise contest the same, then, in addition to any other right or remedy of Lessor, Lessor may, but shall not be obligated to, discharge the same by paying the amount claimed to be due without inquiry into its validity. The Lessor agrees that they shall not permit any lien, obligation, or encumbrance to be placed against the subject Property which would threaten the Lessee's quiet possession of the Premises.

06.00 Damage or Destruction

In case of damage by fire or other casualty to the Improvements and if the damage is so extensive as to amount practically to the total destruction of the Improvements, Lessor may, at their option, terminate this Lease and the Rent shall be apportioned to the time of the damage. The Lessor shall notify the Lessee of the termination of this Lease within forty-five (45) days after the occurrence. If Lessor elects to repair or rebuild, they shall do so in a diligent manner and the Rent, during any periods Lessee is unable to occupy the Improvements, shall abate.

07.00 Property Excluded From Lease

The Wait Station on the North end of the real estate, previously leased to Amtrak, is specifically excluded from this Lease.

08.00 Condemnation of Property and Compensation Awarded

08.01 Condemnation

If under the power of eminent domain, there shall be a permanent taking of the whole or any portion of the Property so as to materially affect the Permitted Use of the Property, this Lease shall cease as of the date that pursuant thereto title shall be taken by the appropriating authority. In the event of any taking of a portion of the Property which does not materially affect the Permitted Use of the Property, this Lease shall continue in full force and effect and the

Rent shall continue unabated.

08.02 Compensation

All compensation awarded for a taking under the power of eminent domain shall be paid to Lessor.

09.00 Inspection and Use

Lessee shall permit Lessor or their designee to enter the Improvements in the event of an emergency, or at all times during normal working hours, after reasonable notice to Lessee, for the purpose of inspecting the Improvements, performing their obligations hereunder or performing Lessee's obligations if not performed by it; however, nothing herein shall imply any duty upon Lessor to perform Lessee's responsibilities, nor as a waiver of Lessee's default.

Lessee shall permit Lessor to utilize the premises for public functions and or speaking events. Lessor shall provide Lessee reasonable advanced written notice of the intention to utilize the premises for these reasons as soon as possible, but in no event less than twenty four (24) hours in advance.

10.00 Condition of Improvements

Lessor has made no representations of any nature in connection with the condition of the Improvements or Property. Lessee shall be presumed to have accepted possession of the Improvements under this Lease on the Effective Date, which shall be conclusive evidence as against the Lessee that Lessee was fully familiar with the physical condition of the Improvements and Property.

11.00 Assignment and Subletting

Lessee shall not assign or sublet any portion of the Property or Improvements, nor shall Lessee make any collateral assignment of this Lease and its rights hereunder for the purpose of securing any debt or obligation of Lessee. In the event Lessee makes any assignment or sublets all or any portion of the subject Property contrary to the provisions of this section, the said Lessee shall be obligated to Lessor, in addition to any and all other obligations as set forth hereunder, in the amount of ONE HUNDRED DOLLARS (\$100.00) per day for each and every day which said assignment or subletting contrary to the provisions hereof is allowed to continue. The amounts as in this section set forth shall be in addition to any and all remedies or obligations as set forth in this document and not in limitation of the same.

12.00 Default and Remedies

12.01 Default

A. Upon the occurrence of an Event of Default, Lessor shall give Lessee notice of such Event of Default, and if at the expiration of ten (10) days after the mailing of such notice, Lessee: (a) with

respect to an Event of Default which can be cured within such period, has failed to cure the Event of Default; or (b) with respect to an Event of Default which cannot be cured within such period, Lessee has failed to proceed with all due diligence to cure the Event of Default and thereafter to prosecute the curing of such Event of Default with all due diligence (it being intended that in connection with a Default not susceptible of being cured with due diligence within ten (10) days, the time of Lessee within which to cure the same shall be extended, at the option of the Lessor, for such period as may be necessary to complete the same with all due diligence); Lessor shall then be able to declare a default hereunder. In the event Lessee is in default hereunder, then the Lessor shall be able to pursue any and all remedies available to them, at law or in equity. In the event Lessee fails to comply with any of the terms and provisions of this Lease Agreement, and, as a result thereof, the Lessor incurs any costs or expenses with respect thereto, including reasonable Attorney's fees, then, in such event, the Lessee shall be liable to the Lessor for such costs and expenses incurred, including reasonable Attorney's fees incurred by Lessor in enforcing the obligations of the Lessee hereunder. Notwithstanding anything herein contained to the contrary, Lessor shall have the right to terminate this Agreement on ten (10) days written notice without affording Lessee an opportunity to cure any alleged default if substantially the same reason for a default specified in the Notice was also set forth in a prior Notice of default given at any time within the preceding twelve (12) months.

B. In the event Lessor declares a default hereunder as set forth in the preceding paragraph, then the right of Lessee to the possession of the demised premises shall terminate without notice or demand, and the mere retention or possession thereafter by Lessee shall constitute a forcible detainer. If Lessor so elects, but not otherwise, this Lease shall thereupon terminate. On termination of the right of possession of Lessee, whether this Lease be terminated or not, Lessee shall surrender possession of the demised premises immediately and upon those conditions shall grant to Lessor full and free license to re-enter into and upon and in the demised premises or any part thereof to repossess the premises with or without process of law and to expel and remove the Lessee or any other person who may be occupying the premises or any part thereof through Lessee. Lessor may use any force in removing Lessee and any other person as may reasonably be necessary. Any re-entry by Lessor shall be made without waiving or postponing any other right against Lessee. Any re-entry shall be made without prejudice to any rights or remedies, whether by statute or common law that may otherwise be used for recovering arrears in Rent or for breach of any terms or conditions of this Lease. Any re-entry, repossession, expulsion, or removal, whether by direction of Lessor or through legal proceedings for that purpose, shall not terminate this Lease nor release Lessee from any liability for the payment of any rent stipulated to be paid by this Lease or for the performance or fulfillment of any other term or condition provided herein, whether before or after re-entry, repossession, expulsion, or removal by Lessor. In the event of any re-entry by Lessor, Lessor may lease or relet the Property in whole or in part, or the building and improvements thereon, to any tenant or tenants that may be satisfactory to Lessor.

for any duration or for the best rents, terms, and conditions as Lessor may obtain. The acceptance of any tenant or the making of any Lease by Lessor shall be conclusive of the exercise of proper discretion by Lessor. In the event of a re-entry, Lessor shall use and apply the Rent received by Lessor as follows:

(1) The payment of costs, maintenance, and operation of the demised premises and the buildings and improvements thereon, including a reasonable compensation to Lessor and their agents, attorneys, and employees for services in the management of the demised premises.

(2) Payment of all taxes, assessments, impositions, and other charges or expenses herein agreed to be paid by Lessee.

(3) Payment on account of the stipulated installment of Rent to be paid by Lessee from time to time as Rent accrues, with interest at the rate of ten percent (10%) per annum from the time the Rent becomes due.

Lessee shall pay to Lessor the difference between the Rent required under this Lease and the net amount received by Lessor during the period of re-letting. Lessor shall not be under any obligation to repossess the demised premises during any period wherein Lessee is in default, and the foregoing provisions regarding the repossession and management of the building and the improvements and the disposition of Rents thereof by Lessor are made to operate only in the event Lessor shall elect to repossess the premises,

12.02 Abandonment

If at any time during the Term of this Lease, Lessee abandons the demised premises or any part thereof, Lessor may, at their option, enter the demised premises by any means without being liable for any prosecution therefor, and without becoming liable to Lessee for damages or for any payment of any kind whatever, and may, at their discretion, as agent for Lessee, relet the demised premises, or any part hereof, for the whole or any part of the then unexpired Term and may receive and collect all Rent payable by virtue of such reletting, and, at Lessor's option, hold Lessee liable for any difference between the Rent that would have been payable under this Lease during the balance of the unexpired Term, if this Lease had continued in force, and the net Rent for such period realized by Lessor by means of such reletting. If Lessor's right of re-entry is exercised following Abandonment of the premises by Lessee, then Lessor may consider any personal property belonging to Lessee and left on the premises to also have been abandoned, in which case Lessor may dispose of all such personal property in such manner as Lessor deems proper and is hereby relieved of any and all liability for doing so.

Re: District 27 School Resource Officer Agreement

Background

In 2014 the Lincoln Police Department started a School Resource Officer (SRO) program with Lincoln Community High School district #404. An SRO is a full time police officer assigned to the school trained in school-based policing and crisis response, assigned by the employing law enforcement agency to work with the school using community-oriented policing concepts. Having our police officers integrated in our community is one of the strategic goals we have as we attempt to bridge the gap between our youth and our police officers. Officer Tim Butterfield has been instrumental in lowering fights, property crime, and general school behavior issues by working with the students at LCHS. Most importantly with the issue of school shootings we have an armed police officer protecting our children. Lincoln Police Department follows standards as prescribed by the National Association of School Resource Officers (NASRO). Assigned SRO will complete the NASRO basic SRO course.

Analysis/Discussion

During discussions in budget negotiations and with discussions with District 27 and District 404 Superintendents, we helped negotiate an equal and fair way to divide the costs of hiring an additional officer while decreasing the financial burden to the City. District 27 has been provided with a contract that is similar to the already approved contract with District 404. District 27 has approved the contract through their legal counsel and their Board has approved it.

The Lincoln City Council would also need to approve the attached agreement and authorize the Mayor to sign the agreement that would take effect on August 1, 2019, and all future agreements as long as there is no changes in the agreement.

The City Council would also need to approve the hiring of replacement patrol officer due to the assignment effective August 1, 2019. Officer would be hired from the existing Fire and Police Commission approved list, unless it is exhausted, of which we are currently in the testing process that will be effective in September.

LINCOLN POLICE DEPARTMENT

CHIEF OF POLICE PAUL ADAMS

DEPUTY CHIEF MATTHEW VLAHOVICH

Fiscal Impact

The additional amount that they City would incur would be \$36,619.83 which includes half of the base salary and all benefits as provided by the City Clerk's Office. As we discussed during the budget that the Police Department would not be adding additional Administrative staff that would have cost the City approximately \$29,000 plus \$12,900 in benefits that was approved in the FY19 budget. The City would actually not incur any additional cost and would actually be a savings.

COW Recommendation

Place on the May 20, 2019 agenda to approve:

1. District 27 School Resource Officer Agreement effective August 1, 2019, and approve the Mayor signing authority in regards to the Agreement.
2. Approve the hiring of a replacement police officer effective August 1, 2019.

10. School Records and Non-Disclosure. LPD and the School District recognize that the Family Educational Rights and Privacy Act (20 U.S.C. 1232g, et. seq.) ("FERPA") and the Illinois School Student Records Act (105 ILCS 10 et. seq.) ("ISSRA") impose substantial limitations upon the circumstances under which student record information may be disclosed to persons who are not the student's parents/guardians or employees of the School District. This Agreement shall be construed only so as to permit lawful disclosure by the School District of student record information to police officers assigned to the District by LPD. In accordance with ISSRA, the SRO will be trained and certified as an Illinois Police Juvenile Officer whose assignment and official duty as SRO includes the investigation and disposition of crimes and offenses that may have been committed by juvenile offenders. RE: South Kickapoo St. Resurfacing Analysis

Background:

South Kickapoo St. From Clinton St. to Wyatt Ave are two sections of street that are in need of resurfacing. The Paver pavement index score of these two sections of street score a three for Clinton to Decatur St and a nine for Decatur to Wyatt out of a one hundred point scale. Although it is not always the best practice to approach resurfacing from a worst first prospective, I believe the City should address this section of street this year. It is a main travel corridor to Lincoln Community High School, the Lincoln Park District and is traveled by many visitors who come to our City. This section of street also carries most of the bus traffic for the high school and is also used by larger commercial vehicles coming and going from the Contractors Ready Mix Plant, Logan County Highway Dept, RBC Towing and our own Waste Water Treatment Plant. Our office has received calls and messages from many citizens to express their concerns about the condition of this street.

Analysis/Discussion:

In April core samples were taken along this two section of street to determine the structure of the current pavement and also what type of subgrade soil is under the street. That report is included with this memo. Those samples revealed that the current makeup of the pavement is 3.5" of asphalt over brick pavement.

Working with Joe Adams of Farnsworth Group we have come up with two options for resurfacing or reconstructing Kickapoo St. One option is to mill off the existing asphalt surface and replace it with the same. This option would have a lower construction cost and a quicker construction duration with less impact on motorist who use this street on a regular bases. The challenges would be milling the old pavement without damaging the brick surface underneath or the existing curb and gutter. This application would basically mirror what is currently in place. This options estimated cost would be \$170,000.00 for construction and \$18,700.00, in engineering and design for a total of \$188,700.000.

The second option would be to remove the existing asphalt and brick layers and replace with new Portland cement concrete pavement. This would also include new Curb and Gutter that would improve drainage for these sections of street. This project would likely take longer to complete and would have a bigger impact on motorist, but the final product should be expected to perform similar to the adjacent concrete on Kickapoo St. south of Wyatt Ave. The construction cost is higher as well as the estimated design fee since this reconstruction project will require additional survey and roadway technical design sheets that a mill and overlay would not. This options estimated construction cost would be \$395,000, and \$55,000, in engineering and design for Total of \$450,000.00.

These cost are not final but should be relatively close. Our current budget for resurfacing for 2019, is \$500,000.00, so if the first option was chosen we would have additional funds to address other streets. If the second option is chosen it would take our entire resurfacing budget but you would have a final product that will have a much longer life cycle and be consistent with other sections of the street to the south.

The City should be receiving an additional \$60,060.00, from Illinois American Water for resurfacing associated with water main replacement projects that will begin in the near future. These funds may be used at the City's discretion.

COW Recommendation:

Discuss each option and choose the one that gives the best benefit to the City of Lincoln and move forward with the preparation detailed engineering agreement. Place on the agenda of the May 20, 2019, Regular City Council Meeting.

Council Recommendation:

Approve one of the options for resurfacing the two sections of South Kickapoo St. and move forward with detailed engineering agreement.

MEMORANDUM

TO: Mayor and Alderman of the City of Lincoln
FROM: Tracy Welch, Alderman Ward 1
MEETING DATE: May 14, 2019
RE: Remove 2am-5am Parking from West Side of Chicago Street between
Pekin Street and Delavan Street

Background

As a result of the Lincoln Depot remodel several parking spaces were eliminated that were used by neighboring business P&W Pool and Spa. The parking spaces were used primarily by customers. Business vehicles were typically parked in the rear of the building. The council was able to provide some relief through reserved customer parking spots in the Depot short term parking area but safety fencing behind the building has eliminated parking for business vehicles. To compensate for the loss, they have been parking in spaces on Chicago Street in the block between Pekin Street and Delavan Street. Unfortunately, this block has a 2am-5am parking restriction in place which has resulted in parking tickets through enforcement of the ordinance.

Analysis/Discussion

To prevent future parking issues for P&W Pool and Spa, and any future business that may occupy this location, it is recommended that the City Council amend ordinance 9-5-12: PARKING AT NIGHT to change the language from "Chicago Street, between Decatur Street and Delavan Street" to "Chicago Street, between Decatur Street and Pekin Street" and then add this additional line, "Chicago Street, east side, between Pekin Street and Delavan Street."

Fiscal Impact

None.

COW Recommendation

Place on the May 20, 2019 Council agenda for approval.

Council Recommendation

Approve amending ordinance 9-5-12: PARKING AT NIGHT to change the language from "Chicago Street, between Decatur Street and Delavan Street" to "Chicago Street, between Decatur Street and Pekin Street" and then add this additional line, "Chicago Street, east side, between Pekin Street and Delavan Street."

ORDINANCE NO. _____
AN ORDINANCE AMENDING 9-5-12 OF THE CITY CODE
REGARDING PARKING REGULATIONS ON CHICAGO STREET

THIS ORDINANCE is made and adopted by the CITY COUNCIL OF THE CITY OF LINCOLN, LOGAN COUNTY, ILLINOIS, at a regular meeting held in the City Council Chambers in said City on the _____ day of _____, 2019, WITNESSETH:

WHEREAS, the CITY OF LINCOLN is a municipal corporation located in Logan County, Illinois; and

WHEREAS, the CITY OF LINCOLN enacted parking restrictions through the hours of 2am-5am on some downtown Lincoln city streets via city code 9-5-12, through its ordinance 243 on 10-19-1987 and later amended through ordinance 504 on 4-17-2000; and

WHEREAS, since the passage and amendment of those ordinances some parking conditions have changed in that a number of parking spaces have been lost due to the remodel of the Lincoln Depot, causing a neighboring business to lose various parking spots for their business vehicles; and

WHEREAS, due to the loss of the parking spots the business vehicles have been forced to park on Chicago Street, causing the business to accrue parking violations through no fault of their own; and

WHEREAS, the CITY OF LINCOLN believes in handling parking disputes in a case by case basis, and finds here that the work done to the Lincoln Depot has caused this result; and

WHEREAS, the CITY OF LINCOLN believes that it is the best interest of the People of Lincoln that the business in question, that being P&W Pool and Spa, is free to operate its business uninhibited by parking regulations;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the CITY COUNCIL OF THE CITY OF LINCOLN, as follows:

1. The terms and conditions of said outlined above are approved and adopted and incorporated herein.

2. That 9-5-12 of the City Code be amended to remove the language "Chicago Street, between Decatur Street and Delavan Street" to "Chicago Street, between Decatur Street and Pekin Street; and Chicago Street, east side, between Pekin and Delavan Street" (See Exhibit A)

3. Effective Date. That this Ordinance is effective immediately upon passage of the same.
