COVID-19 Update: January 22, 2021

This is a joint communication from the Logan County Department of Public Health and Abraham Lincoln Memorial Hospital updating you on the status of coronavirus (COVID-19) in Logan County.

The Logan County Department of Public Health has confirmed the following new cases of COVID-19 in Logan County. Positives are from the last 11 days.

**** 165 individuals ranging in age from 4 years of age to 86 years of age both symptomatic and asymptomatic.

The total number of confirmed positive cases in Logan County is now 3,056 including 2,876 individuals who have recovered, 142 active cases and 38 fatalities.

We are saddened to announce the death of a Logan County resident to COVID-19.

An individual in their 60s

COVID-19 Vaccine

We are beginning to vaccinate those in group 1b (65+, frontline essential workers, school personnel, police, fire, and EMS) and finishing up 1a (healthcare personnel). When we move on the next group there will be information on our website (www.lcdph.org), local media outlets and our Facebook page. Please do NOT call us until this information is made available.

Logan County Data

A continually updated table of Logan County data is maintained by the Logan County Department of Public Health and is available at www.lcdph.org.

NOTE: A recovered individual is someone who has tracked their symptoms twice daily and reported that they have been fever free for 24 hours to the Logan County Department of Public Health. The total number of positives on the Logan County dashboard represents a historical running total of confirmed positive cases. Recovered individuals are never removed from the total number of positives.

Statewide Data

A continually updated map of statewide data is maintained by the Illinois Department of Public Health and available online at: https://www.dph.illinois.gov/topics-services/diseases-and-conditions/diseases-a-z-list/coronavirus
