Lab Building RTU

Lincoln CSO Progress through 6/30/2021

Pay App #11 (IEPA Reimbursement #10) is for \$1,316,507.38. Part of this is due to the reduction in retainage from 8% to 5%, which we typically see after 50% of the project is complete. Approximately 70% of the project is complete to date.

This month consisted of:

- Plocher working on demo and wall extensions in the first flush tank, demo, steel deck and structural supports in the lab building.
- Egizii continued work in the electrical building installing MCCs. They also continued installation of ductbank to the blower building.
- Otto Baum continued work on the lab and blower building
- Tobin worked on plumbing in the lab building, completed the 20" raw water line relocation and started installation of the drain line for the first flush tank
- Standard Heating and Cooling started installation of the HVAC equipment in the lab
- Joiner Roofing installed roofs on both the lab and blower building

The following pictures show the work on site:

- New roof in progress

- New roof on lab building

- New first flush tank walls

- New influent trough

Influent raw water line relocation

CSO Improvements
Change Order

Lab Building Redesign Change Order Summary

Proposed Additional Cost: **\$17,748.73**

This additional cost will be added value to the existing lab building. After the lead and asbestos abatement was completed, a new vision for the lab building was proposed. CMT worked with the Contractor to develop sketches for the proposal to restore the look of the building. We worked with the Contractor to review the detailed proposal and present the lowest cost change. Please note that the unforeseen conditions cost is outside the cost for changes to open the ceiling. CMT recommends accepting this proposal.

To date, the total cost of change order is \$17,338.00, which equated to 0.13% of the total construction cost. With this change, that makes a total cost of \$35,086.73, bringing the total percentage to 0.26%. Typically a 3% contingency is allotted for such work.

The summary of costs below includes the removal of the drop ceiling in the break room, rerouting of the HVAC equipment, additional sealing of the wood beams, and addition of steel beams and lintels.

Summary of added cost is listed below:

- Unforeseen conditions (added additional steel and lintels for roof issues):
 - \$6,818.30 (for steel beams, lintels and labor)
- Reconfiguration of duct work
 - \$2,405.70 (Standard Heating and Cooling)
- Cutting the new holes for the HVAC duct
 - \$6,088.00
- New lights for the breakroom where the drop ceiling was eliminated
 - \$1,249.00 (previous fixtures were purchased and cannot be restocked, therefore will be turned over to the owner)
- Additional painting of the wood beams
 - \$1,770.00
- Subcontractors and Contractors fees
 - \$1,020.74
- Elimination of drop ceiling
 - (\$1,603.00)

Credits for all work eliminated have been accounted for in the breakdown and are not shown (with the exception of the drop ceiling).

Re: Lincoln CSO Improvements
SHC RFP #: BH204940-HV001

Plocher Construction Company, Inc.
Attn: Kaleb Kampwerth

Below is our HVAC pricing breakdown for our RFP-HV001 per sheets M-801 in regards to the redesign of the Lab Building.

RFP-HV001 Breakdown:

Bid Document Design (April 2020):

- Ductwork & duct accessories (1,227#) \$ 5,715.81
- Installation (57.5 mh) \$ 4,845.50
 - Credit Sub-total \$10,561.31
 - 15% markup (\$100 min) \$ 1,584.19
 - Total Credit \$12,145.50

Construction Document Redesign:

- Ductwork & duct accessories (1,330#) \$ 6,909.82
- Additional GRD's \$ 105.00
- Installation (64 mh) \$ 5,638.40
 - Redesign Sub-total \$12,653.22
 - 15% markup (\$100 min) \$ 1,897.98
 - Total Redesign: \$14,551.20
- Bid Document Credit \$12,145.50
- Redesign RFP \$14,551.20
 - **RFP-HV001 Total ADD: \$ 2,405.70**

We exclude the following items from our scope of work.

- ACM or lead abatement
- HVAC line voltage controls and equipment interlocks (by Electrical Contractor)
 - Power wiring, conduit, fire alarm, smoke detectors, SCADA
- Masonry openings, lintels or infill.
- Structural steel supports for HVAC equipment.
- Removal/installation of concrete pads
- Roofing work, flashing, roof openings
- Service, repair or replace any existing HVAC equipment that may be reused
- Any gas piping, plumbing or fire protection
- Removal/reinstallation of ceilings, cut, patch or paint of floors or walls
- Mechanical coordination drawings.
- Painting of HVAC equipment, ductwork, piping or insulation.
- Temporary HVAC or filters for construction
- Contingencies or allowances
- Any dumpsters or dumpster fees
- HVAC Permit

- Sales taxes
- No additional insurances, bonds, weekend/holiday premium time, or special shift rates.
 - *If the Prime Contractor or other entity requires insurances or other indemnities above those noted in the bid documents, the Prime Contractor will issue a change order for any additional costs to this contractor.*

Terms: SCA # 3840-016

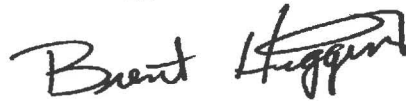

This proposal good for 15 days

Should you find any discrepancies in the above scope of work, please notify us immediately to evaluate.

Below applies to the Quote above:

Prices quoted are for acceptance within 60 days from the date of this quote by the issuance of a purchase order, after which they will be subject to change. Prices quoted above cover only the quantities and exact material specifically detailed in this quote. All prices quoted include freight costs. All prices quoted are for factory's current standard ship schedules, express ship schedules may be available for additional charges based on product type and factory programs. No products will be released without approved submittals from the design engineer. No bid on starters, controls, or T-Stats for equipment unless specifically stated and listed. If the products are not approved and released within 1 year of the date on this quote, this quote is null and void, and a new quote will be issued. Issuing a purchase order based on this quote within 60 days means you have agreed to these terms.

The above quote does not include Sales Tax which will be applied to the invoice if applicable.

Subject: Lincoln CSO - Lab Building Re-Design RFP

Mike,

Yesterday afternoon CMT published the attached updated plan sheets for the Lab Building as an RFP. They have reworked the building plumbing to re-route lines so the breakroom (RM 201) has an exposed ceiling in lieu of the drop ceiling that was originally planned for. Can you start working on your RFP pricing, if any? CMT is looking for pricing back asap.

If you have any questions let us know.

Thanks,

Kaleb Kampwerth

MEMORANDUM

TO: Mayor and Aldermen of the City of Lincoln

FROM: Walt Landers, Street Superintendent

MEETING

DATE: July 13, 2021

RE: Approval of Purchase of New 2022 Dump Truck and Snow Plow

Background

The Street Department has received a quote on a new Peterbilt 348 single axle dump truck equipped with a snowplow from Bonnell Industries of Dixon IL.

Analysis/Discussion

The Street Department's fleet of dump trucks has an average age of twenty years old, with three trucks being over twenty four years old. This new truck will replace truck number eight on the front lines which is a 1995 International with a snow plow.

This new truck will be equipped with a three piece torsion trip edge plow which allows for a steel cutting edge which should clean the streets better than the plows we use currently use with rubber cutting edges.

Fiscal Impact

The quote for this unit is \$163,405.00, with a Sourcewell discount of approximately \$8,600.00 applied. The intent is to apply a down payment approximately \$45,000.00 from Equipment Rentals account #70-3600-7850, Street Department Vehicles. The balance will be financed.

COW Recommendation

Approve the quote from Bonnell Industries in the amount of \$163,405.00, and place on the agenda for the July 19, 2021 regular council meeting.

Council Recommendation:

Approve the Quote and purchase of new dump truck from Bonnell Industries for \$163,405.00.
