Kickapoo St between Broadway St and Pulaski St for the Cars & Coffee Meeting on Saturday, April 26, 2025, Saturday, May 24, 2025, Saturday, June 28, 2025, Saturday, July 26, 2025 and Saturday, September 27, 2025 from 8am – 11am.

Alderwoman Rohlf made the motion to approve, Alderman Eimer seconded. Mayor Welch called for discussion.

Ethan Hoinacki, owner of Guest House, sent an email to the Council asking if the ending time could be changed to 10am.

Mr. Harmon, the road closure applicant, said he's willing to work with the council on the locations but he'd at least like the dates set so he can start advertising.

Alderwoman McClallen stated that a business study was done with the downtown businesses and the main complaint was that the streets were closed too much. She asked if at least 3 of the dates could be moved to Pulaski Street. She will be abstaining in her vote due to her husband having a business on Kickapoo. She stated that she is speaking as an Alderman not as a business owner.

Alderman Downs made a motion to 5C to remove the locations from the request, Alderman Parrott seconded.

There being no other discussion, City Clerk Bateman call the roll on the amendment.

Announcements:

- Alderman Craig Eimer submitted his letter of resignation to Mayor Welch effective February 27th. Mayor Welch will begin the process of filling that position.
- Alderman Bateman showed pictures of current ground mounted solar panels. These panels are taller than the current fence max height in the city code. He asked the council to consider the neighbors having to look at solar panels and wants to require fencing for ground mounted. Other council members don't like to dictate what someone can do in their own yard. It was suggested to only allow a max of 6 foot panels in residential (the max fence height). This item will be discussed more at the next COW.
- The 100 block of N. Kickapoo will be closed, beginning Thursday 3/6, for a water repair. Electronic signs will be out ahead of time to notify traffic.
- Painting and flooring replacement is finished at City Hall. City Clerk Bateman thanked Brady's Painting for their excellent work and communication throughout the project.

Adjournment:

There being no further discussion to come before the City Council of Lincoln, Alderman Parrott motioned to adjourn, seconded by Alderman Downs. Mayor Welch adjourned the meeting at 6:30 p.m.

Date: March 19, 2025
Subject: Second Rebuild IL Resurfacing Project Bid Award

Background

As coordinated with Walt Landers, City of Lincoln Street Superintendent, and as further directed by the City Council, CMT produced bidding documents for additional resurfacing to use the remaining Rebuild-IL Grant Funds. The resurfacing targets of Stahlhut Drive, Malerich Drive, and Taylor Court were presented at the 10/15/2024 Committee of the Whole Meeting. Following the meeting, CMT had to prepare the necessary environmental signoffs to get the plans approved by IDOT. The final environmental signoff was received from IDOT on 01/22/2025. Final IDOT approval of the project plans and special provisions was received on 02/25/2025. The bids for this second round of Rebuild-IL resurfacing were opened on 03/19/2025.

RBI#2 Resurfacing Bid Results

The City received three bids:

- PH Broughton & Sons \$283,666.76
- United Contractors Midwest \$296,627.46
- Dunn Company \$369,075.65

The bid from PH Broughton was below CMT's estimate of \$384,040.75. CMT's recommendation is to accept the low bid from PH Broughton. CMT would also recommend authorizing additional expenditures up to \$300,000.00 to allow for additional funding in the event that IDOT comes back and determines something is ineligible for payment. Following the completion of the First Rebuild-IL Resurfacing project, the City should have approximately \$130,360.46 in Rebuild-IL Grand money available for this project. The project meets the criteria for using Motor Fuel Tax funds, so we would recommend the balance of the expenditures be paid for with MFT funds.

COW Recommendation

1. Award the Second Rebuild IL Resurfacing contract to PH Broughton for \$283,667.76 with additional authorization for expenditures up to \$300,000.00 and place this on the April 7, 2025 Regular City Council Meeting agenda.

RE: Kankakee Sewer Repair

Background

There is a failed section of sewer main on Kankakee St. that is in need of repair.

Analysis/Discussion:

Approximately 15' of sewer main has deteriorated to the point it is not salvageable. It must be replaced and tied into the existing collection system. Due to the location of the break, and how narrow the road is, benching out the excavation and backfilling with flowable fill will be more expensive than sub-contracting out this work.

Fiscal Impact:

Expense up to \$37,906.00 from the "50-7400-7850 Capital Expense - Sewer Const" line item.

COW Recommendation:

Place "Kankakee Sewer Repair" on the April 7th voting session in an amount not to exceed \$37,906.00.

Council Recommendation:

Approve "Kankakee Sewer Repair" to replace the deteriorated section of sewer main in an amount not to exceed \$37,906.00.

City of Lincoln Waste Water Department
150 West Kickapoo St,
Lincoln, IL 62656

RE: Kankakee Street Repair:

Labor, Material & Equipment to repair approximately 15 LF of existing 8" sanitary sewer, replace 1EA sewer lateral connection, and CLSM trench backfill in the excavation.
Additive Alternate: Re-mobilize to site, core out 4" of CLSM, and install 4" of HMA patch in the street at the location of the sewer repair.

City of Lincoln to Provide:

Bonds, permits, fees, association dues, taxes, any insurance beyond our normal policies/limits, staking & layout, location of private utilities not covered by JULIE, temporary relocation of existing gas service, temporary shut-down or relocation of water service (if required), dumpsite for excess excavated materials, compaction testing, erosion control, traffic control, and any surface restoration not specifically mentioned above.

Total Project Price:
\$34,460.00

Please note that the City of Lincoln may need to close Ottawa St. to through traffic for the duration of the sewer repair. We estimate this to take 2-3 days. Our pricing is based on Ameren being onsite to loop the existing gas service out of the way for our excavation: if Ameren is not able to do so or if there is downtime associated with waiting for Ameren to relocate the service, additional charges will apply.

Thank you for allowing D&D Complete Sewer Service the opportunity to bid the project.

MEMORANDUM

TO: Mayor and Aldermen of the City of Lincoln

FROM: Walt Landers, Street Superintendent

MEETING

DATE: March 25, 2025

RE: Purchase of a 2025 D Rock Grizzly HD Model 212 CB Rock Separator/Screen

Background

While performing operations at the street department and sewer department there are a lot of spoils/waste materials created. This piece of equipment would allow each department to recycle and reuse a large portion of such material and the amount of construction waste to be disposed of.

Analysis/Discussion

One of the biggest advantages of having the rock separator is that it would allow us to screen different materials to be reused for other projects. It would be used to screen out large chunks in asphalt millings, allowing it to be used in some parking lots, road and alley repairs. It would also be used to screen soil from concrete and asphalt that is a by-product of excavations while performing many different repairs to infrastructure. Separating these materials will create usable material, but it will also reduce the amount of construction waste that has to be disposed of.

Fiscal Impact

The cost of this equipment is \$19,990.00 and would be paid out of line 70-3600-7860, in the F/Y 24/25 Budget

COW Recommendation

Approve the purchase of a 2025 D Rock Grizzly HD Model 212 CB Rock Separator/Screen and place it on April 7, 2025 Regular City Council Meeting agenda.

Council Recommendation:

Approve the purchase of a 2025 D Rock Grizzly HD Model 212 CB Rock Separator/Screen for a cost not to exceed \$19,990.00.
