**WE'RE SAVING
LIVES WITH
COLONOSCOPY
SCREENINGS.**

ABRAHAM LINCOLN
Memorial
HOSPITAL 
A Memorial Health System Affiliate

THE BEST WAY TO BEAT COLON CANCER IS TO PREVENT IT.

Colorectal cancer rates are higher than average in Logan County. But with proper screening, colorectal cancers are easily preventable. Colon cancer doesn't care if you're male or female, how busy you are or how reluctant you are to be tested. And that's worrisome, because you could have precancerous polyps and early-stage colorectal cancer without a single symptom. At Abraham Lincoln Memorial Hospital, we make the process easy, and Memorial physicians provide the expertise you need for reassuring results. Choose well. Choose Memorial.

**Make an appointment with your
physician today and ask about colorectal
screening or call 217-605-5370.**

**WE'RE SAVING
LIVES WITH
COLONOSCOPY
SCREENINGS.**

ABRAHAM LINCOLN
Memorial
HOSPITAL 
A Memorial Health System Affiliate

THE BEST WAY TO BEAT COLON CANCER IS TO PREVENT IT.

Colorectal cancer rates are higher than average in Logan County. But with proper screening, colorectal cancers are easily preventable. Colon cancer doesn't care if you're male or female, how busy you are or how reluctant you are to be tested. And that's worrisome, because you could have precancerous polyps and early-stage colorectal cancer without a single symptom. At Abraham Lincoln Memorial Hospital, we make the process easy, and Memorial physicians provide the expertise you need for reassuring results. Choose well. Choose Memorial.

**Make an appointment with your
physician today and ask about colorectal
screening or call 217-605-5370.**
