HEALTHY COMMUNITIES PARTNERSHIP

Vision:

...to create the healthiest community in America.

Mission:

...to improve the health and quality of life of the people and communities we serve.

Goals:

1. To provide education, support, and alternative activities to promote healthy lifestyles
2. To increase preventive healthcare
3. To increase access to primary care

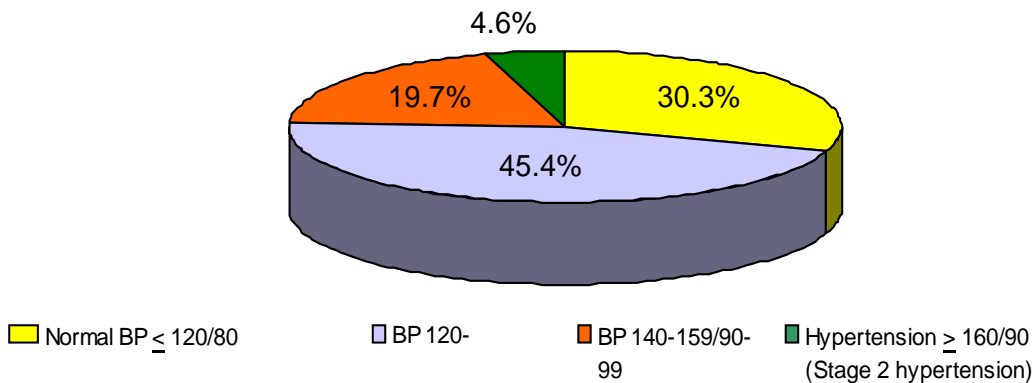

Rural Health Task Force -Preventive Health-

*Goal:
To increase preventive healthcare*

Objective #1 - Maintain 60% of patients seen on H.O.P.E. at a blood pressure at < 140/90*.

**Approved by the HCNA advisory board for FY2007
60 % of 46-85 year olds have B/P < 140/90 .*

HOPE Blood Pressures*

- ◆ 75.7% of HOPE patients had B/P reading of < 140/90
- ◆ 6.8% of patients in Stage 1 or 2 were identified as non-regular or first time HOPE patients.

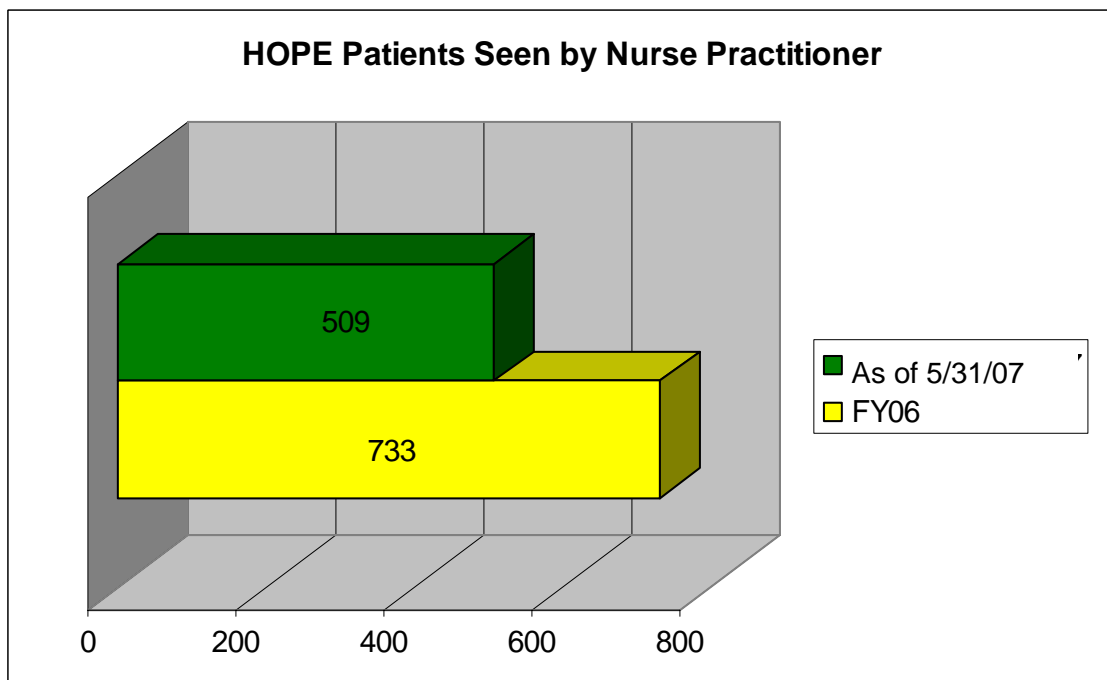

** These statistics are a random sampling of 238 patients seen in March, 2007*

Rural Health Task Force -Primary Health-

*Goal:
To increase access to primary care*

Objective #2 - Increase the number of patients seen by the Nurse Practitioner on H.O.P.E. by 5%

- FY07 is averaging 63.6 patients per month seen by the Nurse Practitioner.
- There are 3 months left in the fiscal year that will include school/athletic physicals.
- School/athletic physical week is scheduled for July 30 - August 3.

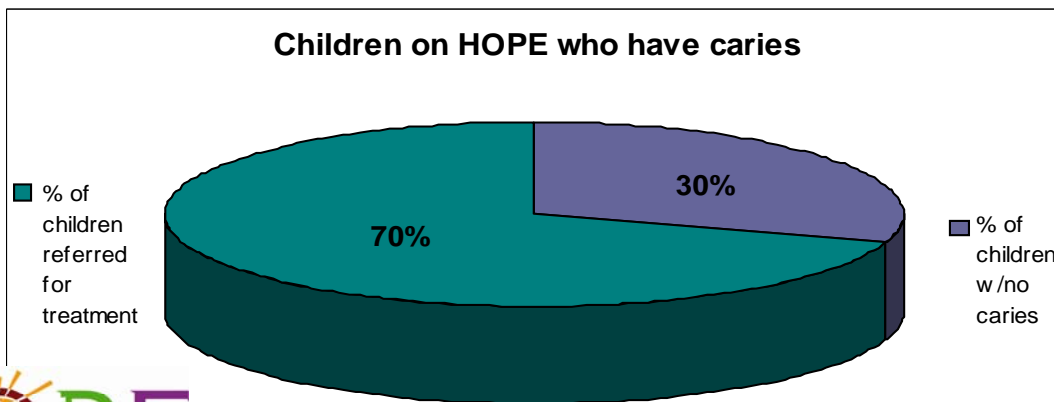

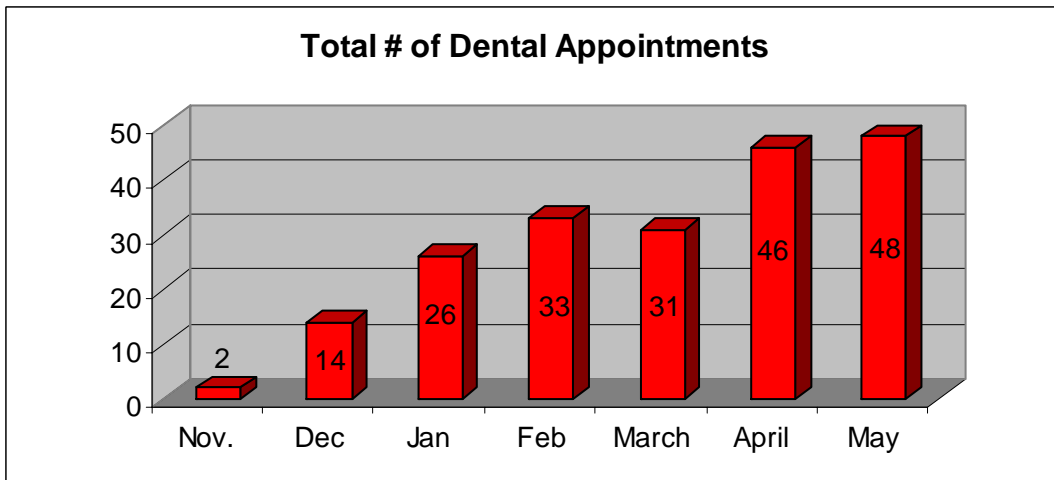

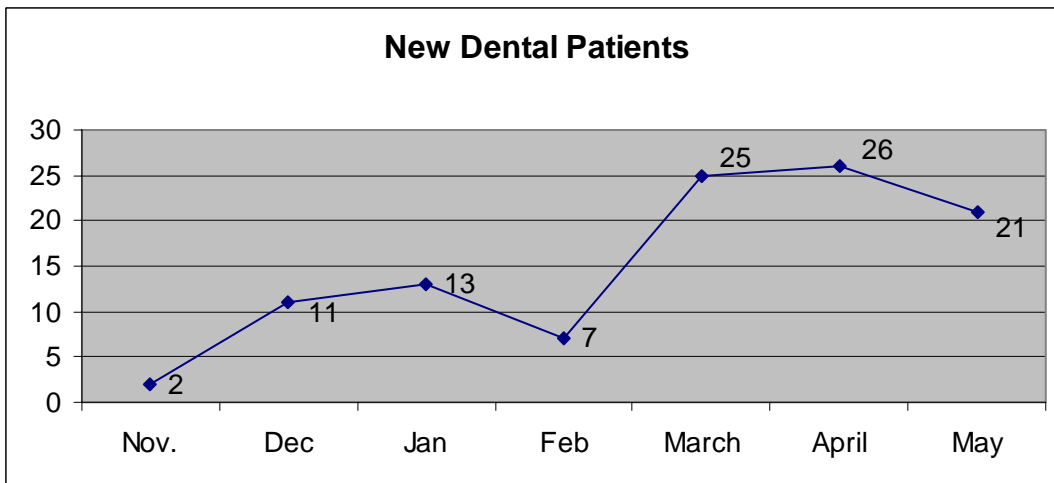

Rural Health Task Force

-Oral Health-

Goal:

To increase preventive healthcare

Objective #3 - Decrease the number of children who have caries on the HOPE Mobile by 10%

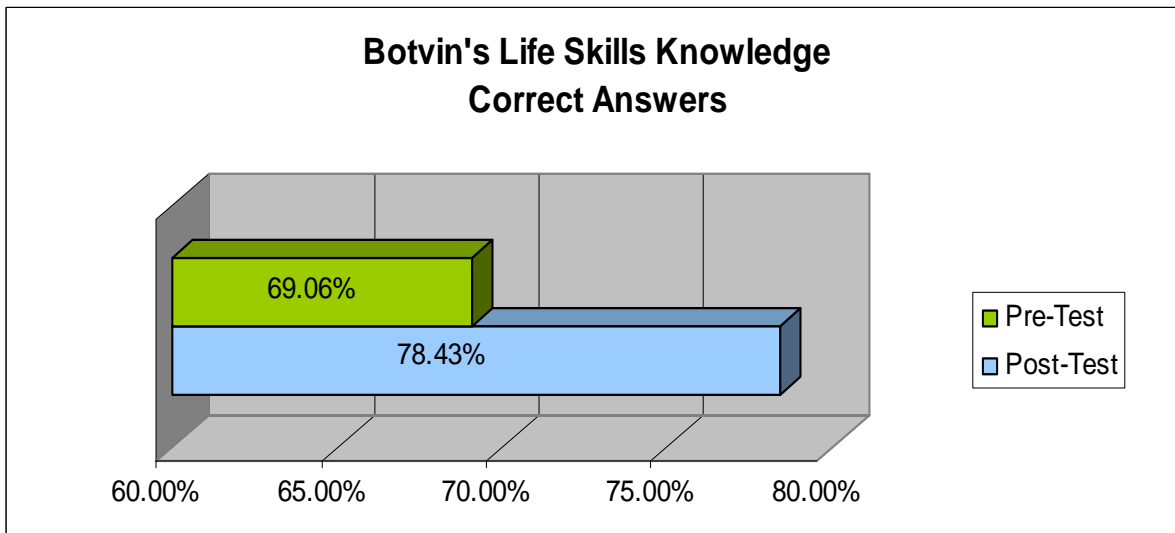

Rural Health Task Force

Goal:

To provide education, support, and alternative activities to promote healthy lifestyles

Rural Health Task Force Botvin's Life Skills - 7th Grade

Objective #4 - Increase 7th Graders' knowledge on dangers of substance abuse by 10%

◆ *7th Graders' knowledge was increased by 5.77%*

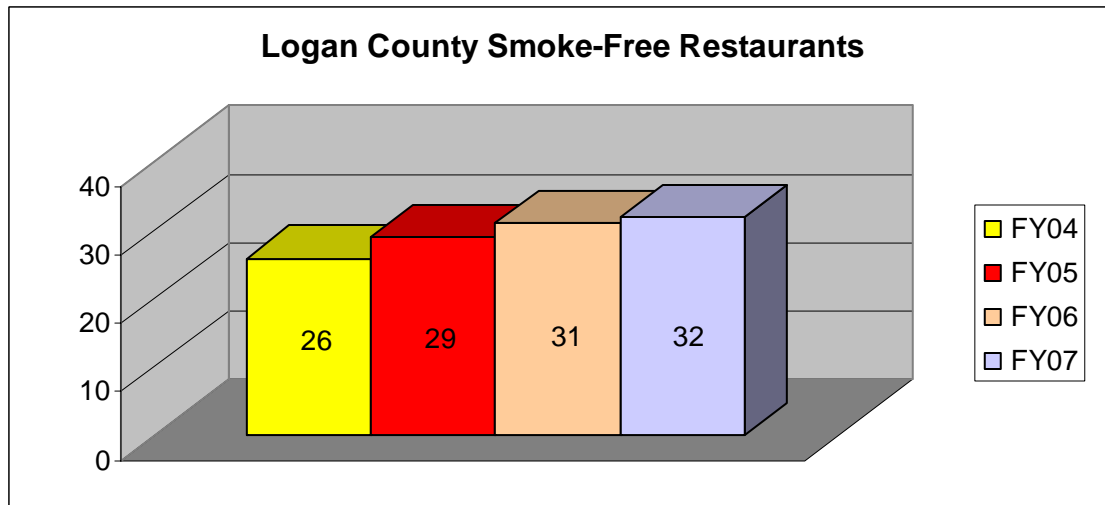

Alcohol, Tobacco & Other Drugs (ATOD) Task Force

*Goal:
To provide education, support, and alternative activities to
promote healthy lifestyles*

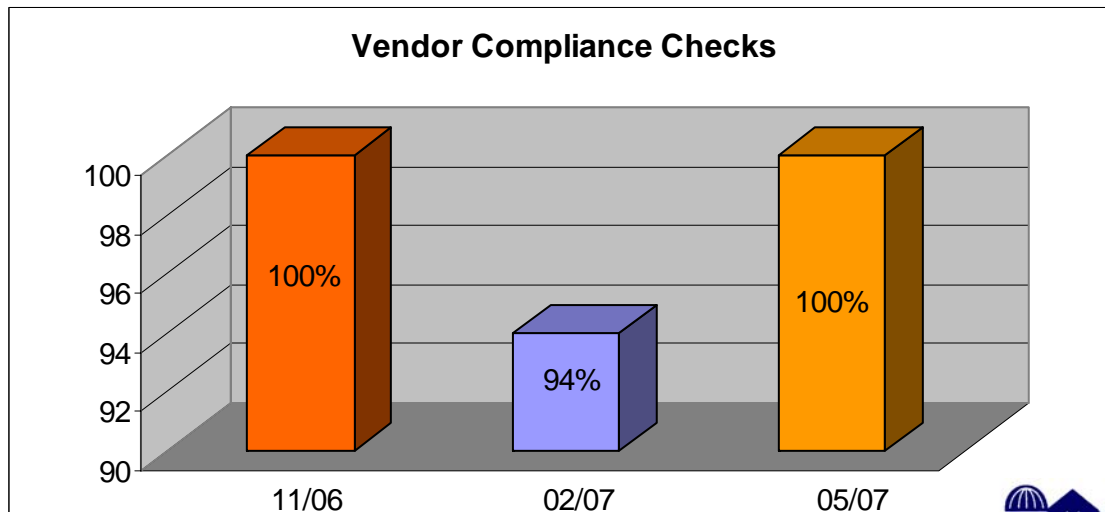

Objectives

1. Increase the number of smoke-free restaurants by 5%
(Source: Illinois Tobacco Free Communities)

- ◆ 5 restaurants closed in FY06 w/6 restaurants added in FY07
 - ◆ Smoke-Free restaurants increased by 19%

-
2. Decrease youth access to ATOD through 100% vendor compliance
(Source: Lincoln Police Department)

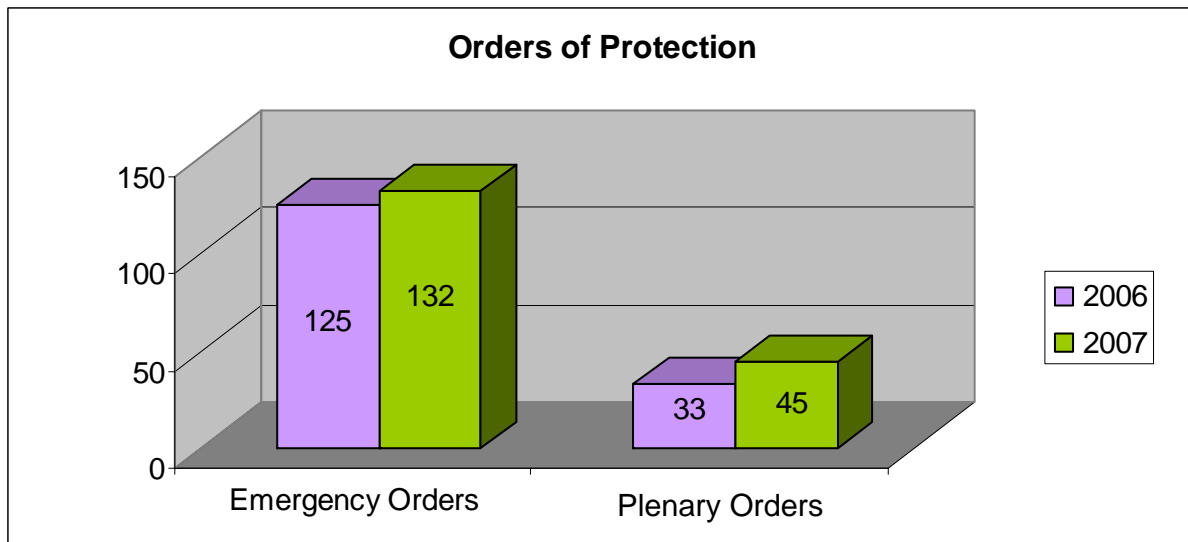

Domestic Abuse & Violence (DAV) Task Force

*Goal:
To provide education, support, and alternative activities to
promote healthy lifestyles*

Objectives

1. Increase Order of Protection numbers by 10% through various media campaigns

Emergency Orders saw a 9% increase from FY06 to FY07.

Plenary Orders saw a 73% increase from FY06 to FY 07.

2. Provide one conference per fiscal year to make the community and schools aware of violence concerns

A bullying conference is in the developing stages for District #27 faculty in August or September, 2007.

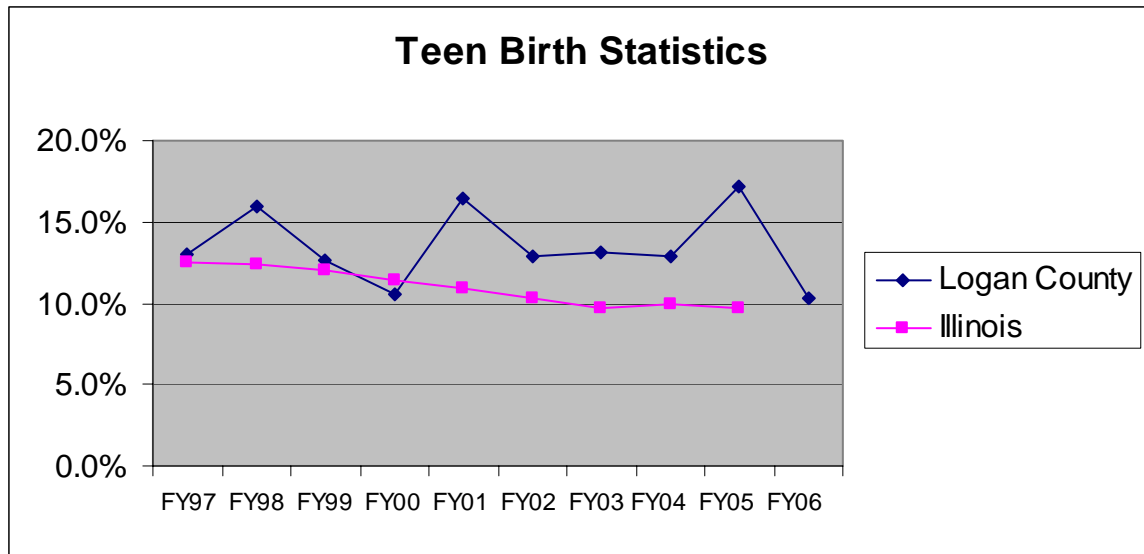

Healthy Families Task Force

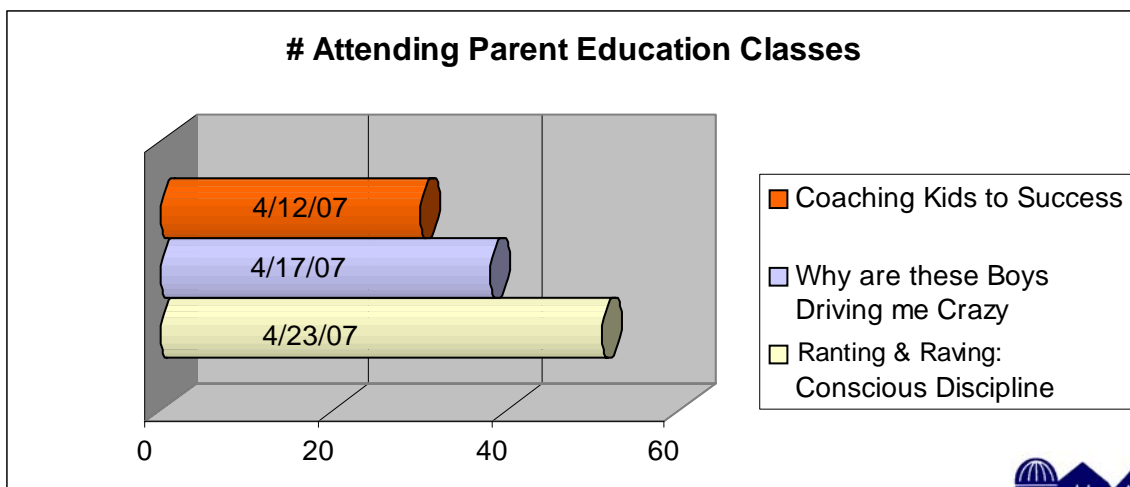

*Goal:
To provide education, support, and alternative activities to
promote healthy lifestyles*

Objectives

1. Decrease the number of teen births in Logan County by 10% (Source: IDPH)
* Logan County teen pregnancy rate decreased by 6.9% from FY05 to FY06

2. Establish education programs in order to prevent teen pregnancy, child abuse and neglect.

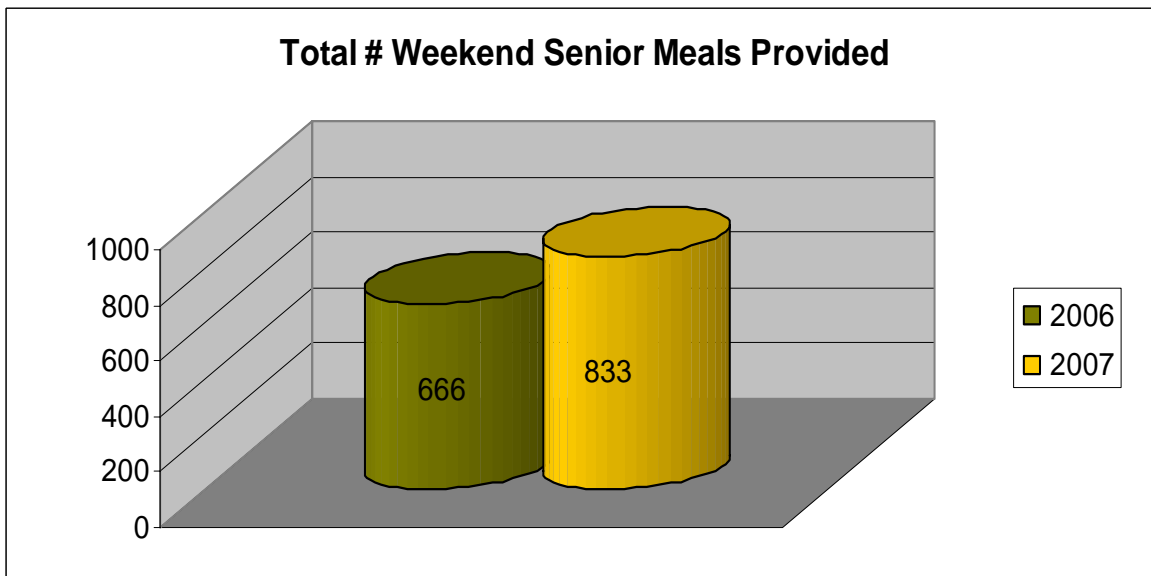

Senior Issues Task Force

*Goal:
To provide education, support, and alternative activities to
promote healthy lifestyles*

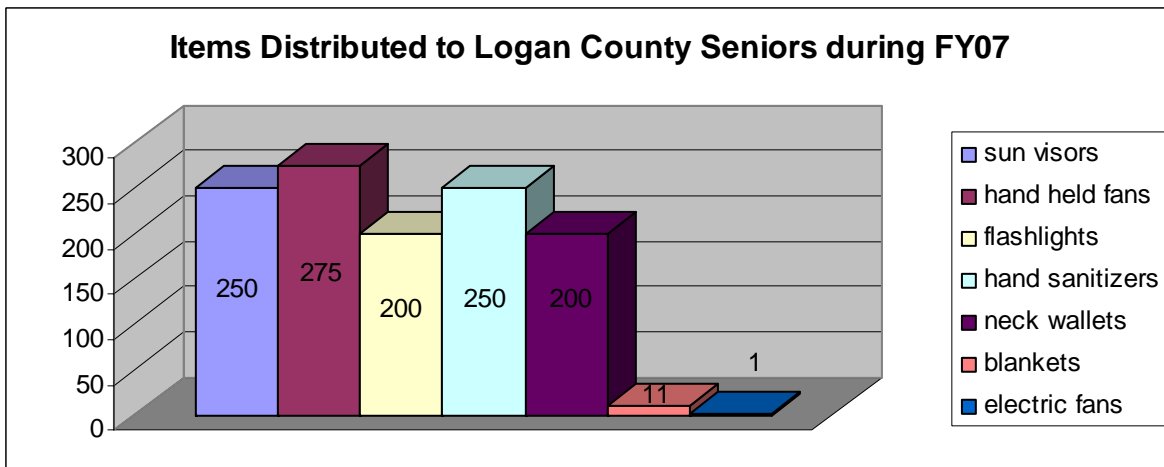

Objectives

1. Increase the number of Seniors who receive weekend meals by 10%
(Source: CIEDC)

◆ Increased total # of weekend senior meals by 20%

2. Increase the number of items distributed to Logan County Seniors

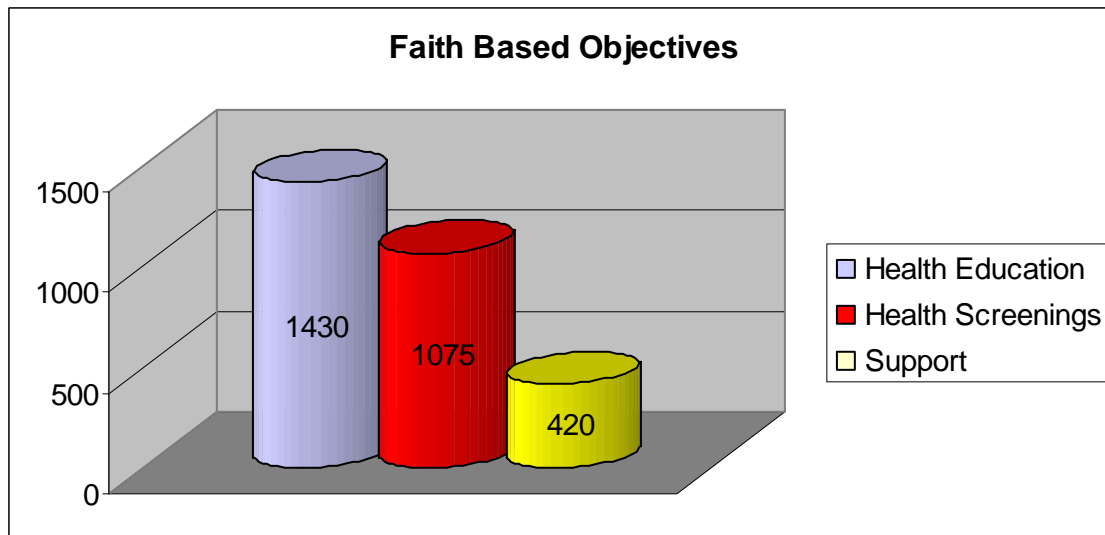

Parish Nurse Task Force

*Goal:
To provide education, support, and alternative activities to
promote healthy lifestyles*

Objectives

1. Increase health education to persons within our faith based communities.
2. Increase health screenings to persons within our faith based communities.
3. Increase support, knowledge and services within community churches.

◆ *FY07 is baseline data*
