

Thursday was Kids Day at the Logan County Fair. In the special events barn a variety of fun activities were set up including craft projects such as jeweled crowns made of paper plates, and wooley worms made with clothes pins. There was also plenty of physical activities as kids tested their hula hooping skills and played toss the water balloon.

A wonderfully talented artist was on hand to do face painting. Her skills included painting brick walls on kids faces or snowflakes in blue and white reminiscent of the movie Frozen. She also did some wonderful cat faces. Kids were treated to popcorn and a magic show by Rob Thompson, the Fun Magician.

Special guests for the day were Miss Logan County Fair Queen Lizzie Ford and Little Miss Logan County Preslee Sherren. Little Miss Preslee became the magician's assistant helping with some of his amazing tricks while Queen Lizzie enjoyed taking part in some of the craft projects.
