A photograph of a theater stage. A large screen at the front displays a historical photograph of a wooded area with a path and the text "LINCOLN COLLEGE" overlaid. The stage is dark with a yellow rug. The audience seating is visible in the foreground, and a small Christmas tree is on the right side of the stage.

This sketch by Howitt and Bastian, Peoria Architects, shows the \$300,000, three-story addition planned for Carroll Hall, Men's dormitory. The addition (right) will house 11

students and will be opened as a separate unit, although the two units will be joined through a common lounge. Plans are to be received in November.
