New Laws

The Illinois Legislature has enacted several new laws effective January 1, 2018. These laws affect how law enforcement does business from investigations to prosecution. In summary the new laws that affect the public:

Sexual Assault Investigations

Our officers will be trained specifically to investigate and document sex offenses. Our officers will investigate and document every allegation of a sexual assault. If a victim does not want to pursue a complaint, the victim can still report the sex offense anonymously until the victim feels they could pursue the complaint, within the statute of limitations. Even a sexual assault kit, completed at the hospital, can be completed anonymously, as evidence in these cases is very important. Victims who would like to speak with a sexual assault advocate may call the Sexual Assault Hotline at 800.656.HOPE (4673)

Missing Persons Reports

Officers are now required to provide to those, reporting a missing person, the contact information for the National Center for Missing and Exploited Children, 800.THE.LOST (800.843.5678).

Bail Reform Act

The Illinois State Legislature split the Illinois Criminal Offenses into 2 categories; Category "A" criminal offenses are the violent crimes and Class X, Class 1 and Class 2 felony offenses. Category "B" criminal offenses are ALL of the other criminal offenses not listed in Category "A." For example, those committing a non-violent property crime, labeled as "Category B," the offender will not be held in jail until they can post a monetary bond. If the arrestee is taken into custody, they will be afforded a bail/bond hearing and if a monetary bond is set, there will be a \$30 per day reduction, for every day they spend in jail. The purpose of this legislation is to level the playing field for those who can afford bail and those who cannot, as those who cannot afford bail, often will sit in jail awaiting trial and spend more time in jail than what the offense sentence may carry. On many misdemeanor offenses, offenders will not be arrested and officers will send reports to the State's Attorney to be prosecuted. This will also require Public Defenders to be present at all bail/bond hearings, which is costing smaller counties such as ours, more money, as this condition/court procedure was not required before.
