## HSLC Transport with Animal Protective League

A large part of HSLC mission is to help reduce pet overpopulation. For more than 10 years the HSLC has partnered with the APL Spay/Neuter Clinic in Springfield to offer Logan County residents lower cost spay or neuter surgeries for their pets. Each month, volunteers from the HSLC and Animal Protective League transport the pets from Lincoln to Springfield, and back to Lincoln the following day. Over the years this has significantly lowered pet overpopulation in Logan County. Remaining transport dates for this year are September 21, October 26 and November 30. Additionally, all pets adopted from the HSLC have been spayed or neutered. During the month of August, 24 area cats and 8 dogs had their surgeries, plus 10 cats and 1 dog from the HSLC shelter.

For more information, or to schedule a pet for the transport, call 737-4042.

## COVID-19 Update

HSLC will continue to operate on an appointment only basis.

We are working hard to find forever homes for the animals currently in our care.

We are also still operating the Food Pantry by appointment only.

We will continue a no contact Food Pantry protocol.

Anyone entering the shelter or vestibule should be advised to wear a mask and use the hand sanitizer we have provided in the vestibule.

Thank you very much.

Titan, available for adoption.
