COVID-19 Update: December 14, 2020

This is a joint communication from the Logan County Department of Public Health and Abraham Lincoln Memorial Hospital updating you on the status of coronavirus (COVID-19) in Logan County. This communication will come only when a NEW COVID-19 positive case is confirmed and identified as someone who resides in Logan County.

The Logan County Department of Public Health has confirmed the following new cases of COVID-19 in Logan County. **Positives are from the last 72 hours.**

**** 102 individuals ranging in age from 15 year of age to 90 years of age both symptomatic and asymptomatic.

The total number of confirmed positive cases in Logan County is now 2,264 including 1,633 individuals who have recovered 602 active cases and 29 fatalities.

We are very saddened to announce 4 more fatalities related to COVID-19

Three individuals in their 90s

An individual in their 60s

Logan County Data

A continually updated table of Logan County data is maintained by the Logan County Department of Public Health and is available at www.lcdph.org.

NOTE: A recovered individual is someone who has tracked their symptoms twice daily and reported that they have been fever free for 24 hours to the Logan County Department of Public Health. The total number of positives on the Logan County dashboard represents a historical running total of confirmed positive cases. Recovered individuals are never removed from the total number of positives.

Statewide Data

A continually updated map of statewide data is maintained by the Illinois Department of Public Health and available online at: <https://www.dph.illinois.gov/topics-services/diseases-and-conditions/diseases-a-z-list/coronavirus>
